Urmare a mai multor sugestii venite din partea unor crescatori care participa la columbodroame an de an, in toate colturile lumii, incepand cu anul 2011 am decis sa introducem o noua metoda de joc. Sistemul se bazeaza pe plata initiala a unei taxe de intretinere per porumbel, urmand ca, dupa efectuarea mai multor etape de concurs, in cazul nostru pina la 220 km, sa se achite taxele de participare, suma acestora formand fondul de premiere. Metoda a fost deja folosita cu succes in China, la columbodromul China National Race, dar si in S.U.A., la Vegas Classic Race si probabil va fi introdusa in din ce in ce mai multe columbodroame, deoarece s-a observat o crestere substantiata a participarii. Taxa de intretinere este la indemana majoritatii crescatorilor, se poate urmari evolutia porumbeilor inscrisi, se evita pierderea sumelor mari de bani datorate pierderii porumbeilor cum este in cazul in care taxa de participare este platita la inceput si, mai ales, se asigura premii consistente. Speram sa fiti in asentimentul nostru si sa imbratisati acest nou regulament de joc la Balkanic Fair-Play 2011.

Conditii de participare:

1. Porumbeii inscrisi trebuie sa poarte inele din anul 2011.
2. Primirea porumbeilor: 15 martie - 15 mai.
3. Porumbeii trebuie sa fie sanatosi si vaccinati impotriva paramixovirozei cu cel putin 10 zile inainte de aducerea in columbodrom.
4. Porumbelul ACTIV se defineste ca fiind porumbelul caruia i-a fost achitata taxa de activare.
5. Numai porumbeii ACTIVI concureaza pentru premii.

Taxe si modalitatii de plata:

1. Taxa intretinere: 30 EUR / porumbel (se achita la aducerea porumbeilor). Un crescator, tandem, sindicat poate inscrie un numar nelimitat de porumbei.
2. Taxa de activare: 100 EUR / porumbel. Porumbeii se pot activa la orice data inainte de Semifinala (340 km). In cazul in care un porumbel se pierde dupa plata activarii si nu este imbarcat nici la Semifinala, nici la Finala, taxa de activare va fi returnata integral.
3. Porumbeii neactivati cu 3 zile inainte de Semifinala vor fi publicati pe site si pot fi activati de catre orice alta persoana. Eventualele premii castigate vor fi oferite persoanei care a activat porumbelul, insa porumbelul va concura sub numele crescatorului initial (cel care a inscris porumbelul).
4. Imbarcarea pentru Semifinala si Finala va fi efectuata, ca in fiecare an, de o comisie formata din mai multi participanti. Oricine doreste sa asiste este binevenit!

5. Platile prin transfer bancar se pot face in conturile:

Following some advices from breeders who each year participate in one loft races around the world, we decided to introduce a new system in Balkanic Fair-Play Race starting this year. The method is based on an initial payment of a feeding fee per pigeon followed by, after flying some races, in our case until 220 km, payment of participating fees (activation) whose sum will form the prize money fund. This system was already successfully used in China, to China National Race and U.S.A. in Vegas Classic Race and probably it will be more and more introduced to other one loft races. It has the advantage that the feeding fee is available for the majority of the breeders, one could follow the evolution of the pigeons, could avoid loosing big sum of money caused by the loosing of the pigeons as in the case when the participation fees were paid at the beginning, it substantially stimulates the participation and assures consistent fund of prize money. We hope to meet your approval and to embrace these new racing rules for Balkanic Fair-Play 2011.

Conditions of entry:

1. Entered pigeons must wear 2011 life rings.
2. Receiving of the pigeons: 15th of March 15th of May.
3. Pigeons must be healthy and vaccinated against PMV at least 10 days before entering in the loft.
4. ACTIVE pigeon is defined as the pigeon whose activation fee was paid.
5. Only ACTIVE pigeons are eligible to win prizes money.

Entry fees and payment methods:

1. Feeding fee: 30 EUR / pigeon (to be paid when the pigeons are entered). A breeder, combination or syndicate of breeders may enter an unlimited number of pigeons.

2. Activation fee: 100 EUR / pigeon. Pigeons could be activated any date before Semifinal race (340 km). If a pigeon whose activation fee was already paid got lost and will not participate neither to Semifinal nor Final race, the activation fee will be fully returned.

3. Pigeons which were not activated 3 days before Semifinal race will be published on the website and could be activated by any person. The eventual prize money will be offered to the person who activated the pigeon but the pigeon will race under the name of the original breeder (person who entered the pigeon).

4. Payments in EUR could be done by bank transfer in the following account:

Beneficiary: Stefanescu Liviu

Bank: BCR Targoviste, Dambovita, Romania

IBAN: RO 02 RNCB 0128 0451 2979 0006

SWIFT: RNCB RO BU

How to send the pigeons:

We will organize 2 collections of pigeons from West-Europe, as follows:

1st collection Belgium & Netherlands 29th of March 2011

Germany 30th of March 2011

2nd collection Belgium & Netherlands 26th of April 2011

Germany 27th of April 2011

Pigeons from Austria, Hungary and Slovakia could be collected next day of the above dates. Please contact us in order to organize a collection center.

The transport fee is 10 EUR / pigeon.

Our friend, Stefan Radev from Kalimanci Race (Bulgaria) will also organize 2 collections from these countries, 1st one around 15th of March and 2nd one around 15th of April 2011. If these dates suit you better for sending pigeons to our race please contact him or Kalimanci coordinators you could find on this website address: <http://www.pigeon-bg.com>.

Pigeons from Spain, Italy, Greece, Bulgaria, Republic of Moldova and Ukraine could also be sent directly in Romania. For more details, please contact the coordinator from your country, listed below.
